

# Project Profile

## Jaguar Dealership Merriam, KS

### Size

16,000 sq. ft. – 2 stories

### Completion Date

2005

### Project Highlights

This display room, office and service center has to be first class for a dealership like Jaguar. Some of the special features include an artistic canopy connecting the lower level to the service center and the unique circular and special display rooms. The building was building on a very difficult slopped site and includes a walkout basement.
